

Windows N-Central Installation

Guide for installation of the N-Central agent on Green Chef systems.

Navigate to the Deployment Website with Edge or Windows Explorer

<https://www.reverus.com/greenchef>

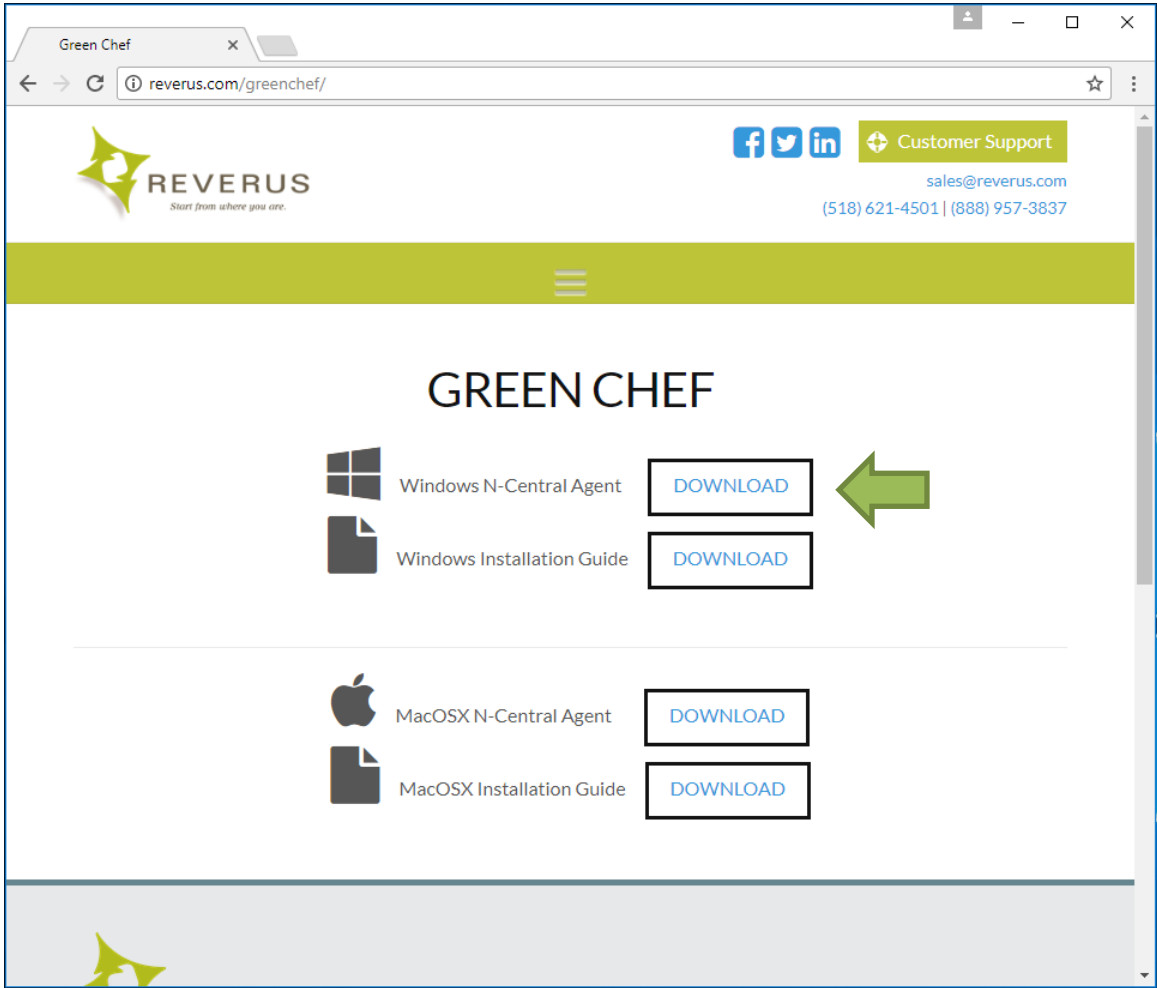

The screenshot shows a web browser window displaying the REVERUS Green Chef website. The browser's address bar shows the URL <https://www.reverus.com/greenchef/>. The website header includes the REVERUS logo with the tagline "Start from where you are.", social media icons for Facebook, Twitter, and LinkedIn, and a "Customer Support" button with the email sales@reverus.com and phone numbers (518) 621-4501 and (888) 957-3837. A green horizontal bar with a menu icon is positioned below the header. The main content area is titled "GREEN CHEF" and features four download links:

- Windows N-Central Agent (with Windows logo icon) [DOWNLOAD]
- Windows Installation Guide (with document icon) [DOWNLOAD]
- MacOSX N-Central Agent (with Apple logo icon) [DOWNLOAD]
- MacOSX Installation Guide (with document icon) [DOWNLOAD]

The footer of the website features a small green logo in the bottom left corner.

Select Download Windows N-Central Agent

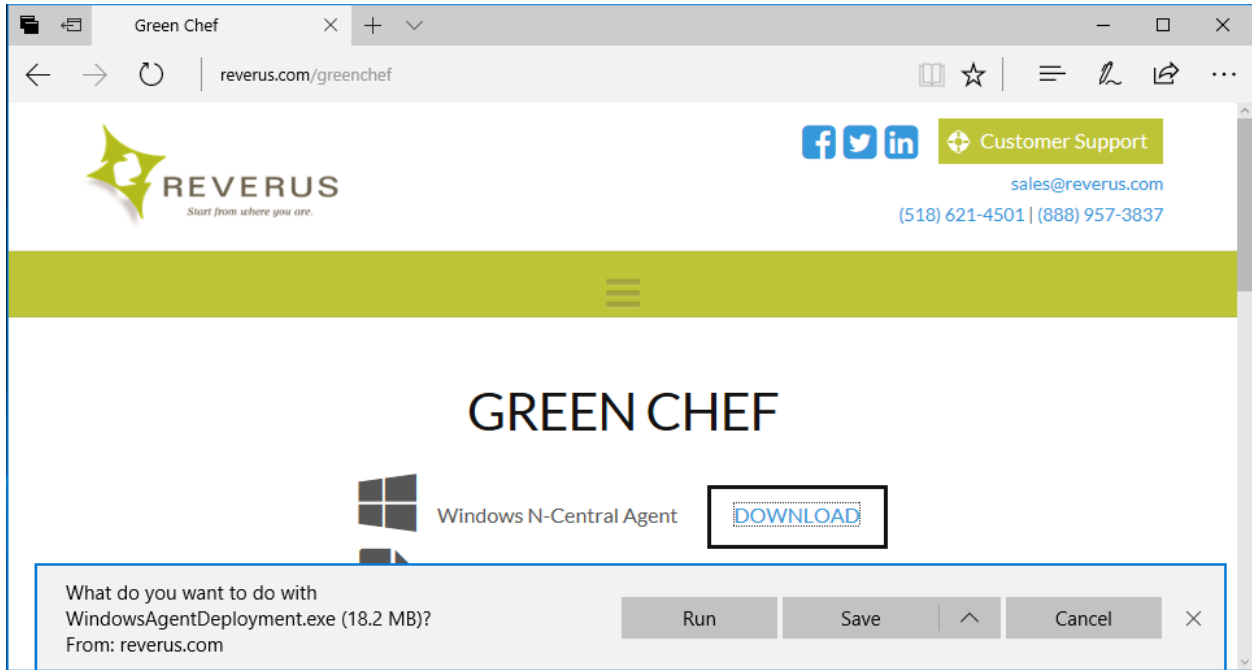

This will start the download of the agent to your computer.

The screenshot shows a web browser window with the URL reverus.com/greenchef/. The page features the REVERUS logo and navigation links for social media and customer support. The main content area is titled "GREEN CHEF" and lists download options for Windows and MacOSX N-Central Agents and their installation guides. A green arrow points to the "DOWNLOAD" button for the Windows N-Central Agent.

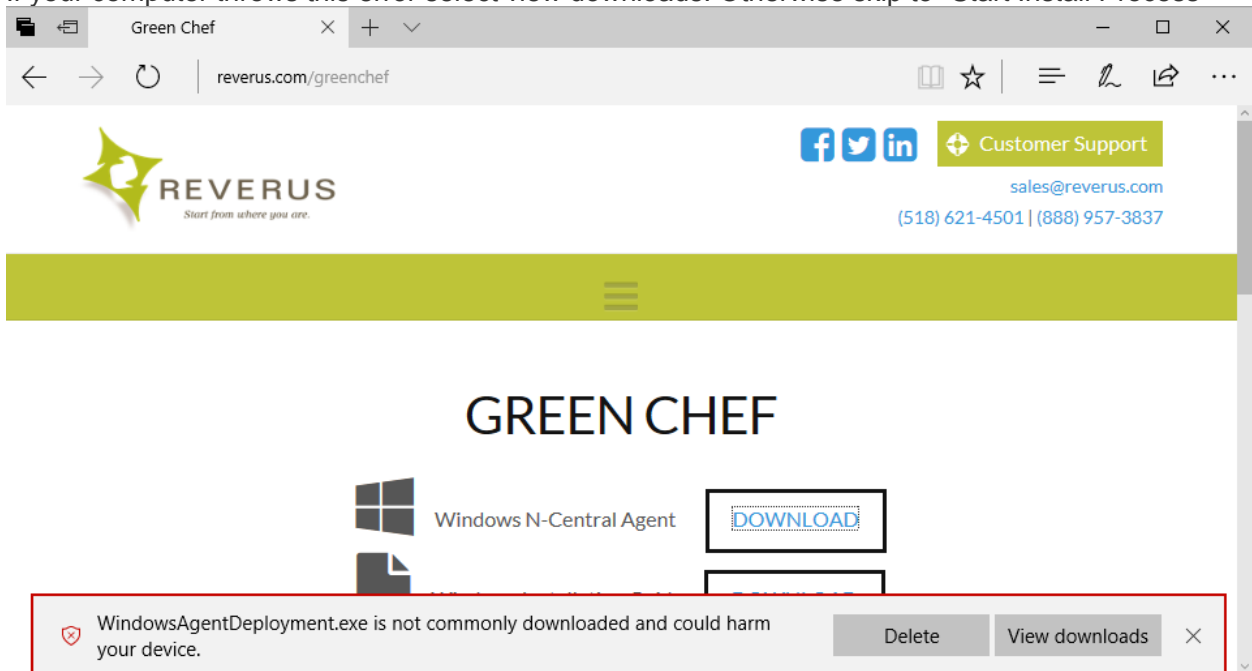

Platform	Item	Action
Windows	Windows N-Central Agent	DOWNLOAD
	Windows Installation Guide	DOWNLOAD
MacOSX	MacOSX N-Central Agent	DOWNLOAD
	MacOSX Installation Guide	DOWNLOAD
